Safe and Successful Parish Festivals

Festivals and other large-scale events that go above and beyond the daily ministries of the Catholic Church create unique liability exposures. The Church is legally liable and ethically responsible for accidents that happen as a result of any involvement and sponsorship in these types of events. It is vital that churches and schools develop a "best practices" approach for any parish-sponsored event. Not only will this approach provide better assurance for the safety of everyone involved, it will also reduce the liability exposure associated with these types of large events.

By being aware of the "best practices" safety checklist and understanding the detailed information available in the Festival/ High Risk Events Policy Manual, you will be better prepared to ensure a safer event and reduce or eliminate common claims associated with these types of events. The Festival/High Risk Events Policy Manual and the corresponding online training can be accessed through the Catholic Mutual's website.
