

Women Deserve the Truth!

Women's Medical Forum: The Choices We Make.

The Data. The Links. The Facts.

Dr. Angela Lanfranchi

Breast cancer surgeon, international speaker, VP/co-founder of Breast Cancer Prevention Institute. She is in private practice and specializes in the treatment of breast cancer, and serves on Expert Advisory Panel of NJ State Board of Medical Examiners.

Mercedes Arzu' Wilson

International speaker, author and president of Family of the Americas Foundation, Inc. She gives instruction and lectures to medical and healthcare professionals worldwide on benefits of natural family planning and effects of contraception.

The Most Reverend David L. Ricken, DD, JCL,

Bishop of Green Bay

Bishop Ricken will open with prayer, and share his thoughts on the importance of women being empowered with Truth and Scientific Facts on health issues, and the teachings related to the Church.

Saturday, September 24, 2011

8:30 a.m. to 12:00 noon

St. Norbert College, Ft. Howard Theatre, De Pere, WI 54115

Did You Know Data Shows That...

- If you are under 20 years of age and taking "The Pill," you have a 1000% increased lifetime risk of breast cancer
- "The Pill" is a Group 1 Carcinogen, cancer causing agent, as listed by the World Health Organization
- The "Use of Oral Contraception is associated with an increased risk of premenopausal breast cancer..." Mayo Clinic Foundation funded study: Drs. Kahlenborn, Modugno, Potter and Severs-Mayo Clinic Proceedings (10/2006), supported in part by National Institutes of Health.
