By working together, we can help prevent incidents from occurring and ensure the safety and security of our parish and school communities.

Awareity is a comprehensive platform for reporting, tracking, and documenting incidents and concerns, making it simple and confidential to share red flag behaviors such as: sexual abuse of a minor (*if this is currently taking place, immediately call 911 to report*), harassment, boundary issues, threats of violence, and concerning behavior by clergy, staff, or volunteers.

The goal of Awareity is prevention and to help identify red flags and warning signs before an incident occurs or escalates.

This is not an emergency reporting system. If this is an urgent matter, please immediately dial 911.
